ABOUT ME

Hello everyone! My name's Vladimir Maslenkov and I'm 38.

I've been working as a screen-printer for the last 8 years and now I'm working on a junior position at the local web studio. Also I am continuing my self-study to improve my skills. Because I'm going to get an advanced level for this. I live in Kazakhstan, Almaty city. I'm taking several courses such as "RSSchool Frontend Dev." and "Udemy: WEB-Dev" to become a front-end developer. I'd like to work to create something unusual. And I'm really sure that I'll have been reached for my aim definitely.

MY EDUCATION

- Accounting and finance (unfinished college)
- RSSchool Front-end Dev. (in progress)
